EDUCATION

LNCT Bhopal

Bachelor of Technology in Computer Science Engineering

Sep 2023 – May 2027

CGPA: 8.4/10

RELEVANT COURSEWORK

- Data Structures
- Database Management
- Computer Network
- OOP
- Operating System

PROJECTS

FrameRate: Movie Tracking Web Application

[Live Demo](#)

React.js, Node.js, PostgreSQL, TMDB API, Gemini API

- Built a full-stack movie tracking application using React.js for the frontend, Node.js and Express.js for the backend, and PostgreSQL hosted on Neon for data storage.
- Integrated the Gemini API to generate personalized movie recommendations based on user ratings and viewing history, using prompt design to generate relevant and structured responses.
- Integrated the TMDB API to enable users to search, browse, and track detailed movie information.
- Implemented JWT-based authentication and bcrypt password hashing to securely manage user accounts and viewing history.

Personal Portfolio Website

[Live Demo](#)

HTML5, CSS3

- Designed and built a fully responsive personal portfolio website using HTML5 and CSS3, ensuring consistent layout and functionality across desktop and mobile devices.
- Followed clean, modular coding practices to structure content and styling for easy future updates.
- Managed version control with Git and deployed the final build on Vercel.

TECHNICAL SKILLS

Languages: C++, Python, SQL, HTML5, CSS3

Web Technologies: React.js, Node.js, Express.js, JWT Authentication

Tools & Platforms: Git, GitHub, VS Code

ACHIEVEMENTS

First Runner-Up — CodeBeta College-Level Coding Competition 2024

- Secured 1st runner-up position among 150+ participants by applying core DSA concepts under time pressure.

EXTRACURRICULAR

Founder — Undefined Films

- Founded and led a small production team, handling scriptwriting, planning, filming, and editing of short films.
- Collaborated with the team to take multiple projects from concept through to final video delivery.
